GOALKEEPING Session Planner

PRO

GOALSQUARE
 WORLD OF GOALKEEPING

Features & functions

The Goalsquare® Session Planner is an easy-to-use software for goalkeeper coaches on whatever level.

This software allows you to easily plan your training sessions within a few minutes. Simply search & select from the large archive of practices or create your own practices or include your already existing practices.

The PRO version contains a lot of new features and functions like:

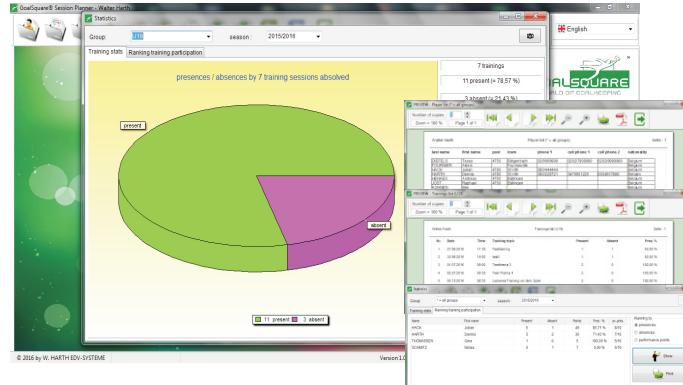

- Manage all presences/absences of your (group of) Goalkeepers at the sessions;
- Statistics and reports of all training attendances for each keeper or group of keepers;
- Performance analysis for each keeper and training session (9 different performance topics);
- List of all keepers, resp. of groups of keepers;
- List of all training sessions of a group and season;
- 5 different waitlists available;
- Assign groups to your keepers;
- Goalkeeper tactic sheet;
- Exercise notes & drawing sheet;
- Goalkeeper game report sheet;
- Import text of own exercises from Word documents;
- GoalsquareDRAW – module that allows drawing of own exercises;
- Goalsquare SideBar – Access many (new) functions directly in the main menu;
- Personalize your Session Planner (own background images and alternative menu icons and more);
- Show your club- or academy logo in the sidebar;
- Coaches database & individual login / environment;
- Games database & analysis;
- Tactical board function;
- 2 different training session plan layouts selectable;
- „Cut“-function on drawings and in session planning;
- and many more features and improvements...

All the features & functions from the BASIC version are still available in the PRO version.

Freely select one of the following languages at any time:

Reports & Statistics

SideBar element

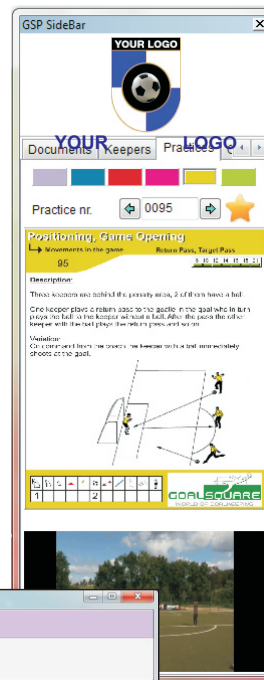

Browse through all the practices and watch the practices and videoclips directly in the main menu!

Search your keeper directly in the SideBar and quickly access his file in the database!

Open previously planned sessions and all forms instantly!

Access all your personal exercises, as well as pdfs, office documents pictures & videos directly from here!

Access the new listings & statistics menu here!

Coaches database

The screenshot shows a form for a coach named 'Walter Harth'. The form includes fields for Name, Address, Town, Phone, Cell phone, E-mail, Language, Password, Training group, Directory own exercises, and Background picture. There is also a photo of the coach and a section for 'Access rights' with checkboxes for various permissions like 'Coaches database', 'Keypers database', 'Plan a training session', etc.

Goalkeeper Database

- Personal data
- Individual statistics
- Keeper sheets & analysis

This block contains several overlapping screenshots from the Goalkeeper Database. One shows a player profile for 'Dennis HARTH' with personal data like address and phone number. Another shows a line graph for 'Development per Evaluation from 1 to 10'. A third shows a pie chart for 'Statistics presences / absences by 7 training sessions absolved'. Other screenshots show 'Goalkeeper evaluation' for 'Tessa Depels' and 'Goalkeeper - Tactic sheet' for 'Dennis Harth'. The interface includes navigation tabs and various data visualization tools.
